Welcome

Year 10 marks the first of the years in which students can earn a leaving credential. This is the **Record of School Achievement (RoSA)**. Employers and the community in general expect all school leavers to present a record of school achievement from secondary school. It is, therefore, important for students to do their best in terms of a positive attitude towards their schoolwork, so that this record of achievement is one that students are proud of and truly reflects all they are capable of achieving.

This year will be a very important year for students as they are in Year 10 and **Year 10** requires a new level of maturity, responsibility, and a recognition that the junior years are about to be left behind. At the end of the year, students will be awarded a **Record of School Achievement (RoSA)**, which:

- indicates that you have **attended regularly** and satisfactorily studied the necessary subjects throughout years 9 and 10,
- lists all the subjects and courses studied and the level of achievement in each of these as an A, B, C, D, E, or N grading.

The aim of this booklet is to outline James Fallon High School's expectations of students in year 10 and to provide important information about the various ways in which assessment takes place. Each subject has a published schedule of assessment tasks, which must be completed throughout the year for a grade to be awarded to a student.

Please take the time to read the information in this booklet closely, keep it in a safe place and think carefully about the expectations of you, now you are in year 10.

This booklet is designed help you plan for assessment. Remember to put all the tasks that you have due on a calendar, so you do not forget when each one is due.

**Remember good grades do not just happen.
They happen because of hard work and dedication!
Best wishes for a successful year!**

Jade Lieschke
Deputy Principal

General Guidelines

Record of School Achievement

The NSW Education Standards Authority (NESA) will issue a NSW Record of School Achievement (RoSA) to students, if they have fulfilled the NSW Education Standards Authority and Department of Education and Training requirements.

The school ensures that each student studies, in years 7-10, a pattern of courses, which meets NESA's requirements for the receipt of the Record of School Achievement.

To meet academic requirements students in Year 10 must have:

- **Followed** the course developed or endorsed by NESA and
- **Applied** themselves with diligence and sustained effort to the set course work tasks and experiences provided in the course by the school, including homework
- **Achieved** some or all of the course outcomes as demonstrated in assessment tasks, practical requirements and assigned work.
- **Maintained** a satisfactory level of class attendance. A student whose attendance affects their ability to demonstrate understanding of course outcomes, is at risk of not satisfactorily completing the course if they receive an N-determination in elective subjects. Students who are absent are required to make up work that was missed during absences. Teachers will use their professional judgment in determining whether the student is still at risk. Parents are responsible for explaining student absences. If they do not do this, the absence will be viewed as unexplained.

If attendance is less than 85% of available school time then a student will have difficulties achieving a reasonable range of outcomes for each course studied. Where a student's attendance and/or effort are unsatisfactory, parents will be notified.

Pattern of Study

At James Fallon High School, the following courses are available for study by Year 10 students in 2023.

| Year 10 Subjects Offered | | | |
|------------------------------------|---------------------------------|------------------------------|-----------------------------|
| English | Mathematics | History | Science |
| PDHPE | Geography | | |
| Elective Subjects as follows: | | | |
| Physical Activity & Sports Studies | Commerce | Drama | Food Technology |
| Visual Art | Information Software Technology | Industrial Technology Timber | Industrial Technology Metal |

Record of School Achievement

The NSW Education Standards Authority (NESA) will issue a NSW Record of School Achievement (RoSA) to students, if they have fulfilled the NSW Education Standards Authority and Department of Education and Training requirements.

The school ensures that each student studies, in years 7-10, a pattern of courses, which meets NESA's requirements for the receipt of the Record of School Achievement.

To meet academic requirements students in Year 10 must have:

- Followed the course developed or endorsed by NESA and
- Applied themselves with diligence and sustained effort to the set course work tasks and experiences provided in the course by the school, including homework
- Achieved some or all of the course outcomes as demonstrated in assessment tasks, practical requirements and assigned work.
- Maintained a satisfactory level of class attendance. A student whose attendance affects their ability to demonstrate understanding of course outcomes is at risk of an N-determination. Where a student has been able to maintain or make up work that was missed during absences, teachers will use their professional judgment in determining whether the student is still at risk. Students are responsible for explaining their absences to each teacher. If they do not do this, the absence will be viewed as unexplained.

If attendance is less than 85% of available school time then a student will have difficulties achieving a reasonable range of outcomes for each course studied. Where a student's attendance and/or effort are in question, or obviously unsatisfactory, parents will be notified.

Course Performance Descriptors

In every course studied, a student will be issued an A – E grade based on the **common grade scale** and their performance in ongoing assessment tasks. Students are required to complete all the assessment tasks as indicated in the schedules for the award of the **RoSA**. Each course has its own course performance descriptors, but the following chart gives a general description of the student performance required for each grade.

A student's grade in each course will indicate the level of achievement and performance they have reached.

The assessment schedule for each course indicates the tasks, the outcomes assessed by that task and the task weightings (to indicate the relative contribution of each task).

Specific course related questions can be answered by faculty head teachers.

The following are the general course performance descriptors from the NSW Education Standards Authority:

| Grade | General Performance Descriptors |
|---|--|
| <p style="text-align: center;">A <i>Outstanding achievement</i></p> | <p>The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to new situations.</p> |
| <p style="text-align: center;">B <i>High achievement</i></p> | <p>The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.</p> |
| <p style="text-align: center;">C <i>Sound achievement</i></p> | <p>The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.</p> |
| <p style="text-align: center;">D <i>Basic achievement</i></p> | <p>The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills.</p> |
| <p style="text-align: center;">E <i>Limited achievement</i></p> | <p>The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.</p> |

Year 10 Student Assessment and Reporting

In 2019, James Fallon High School introduced a policy of ongoing reporting and feedback. The aim of this is to ensure that assessment and reporting assists in the learning of our students by giving them timely and valuable feedback so that they can achieve their best.

The following is an outline of the roles and responsibilities of all stakeholders regarding assessment and reporting at James Fallon High School.

It is your responsibility to read this information carefully. The following points apply to all students studying any subject in any faculty at James Fallon High School.

For each course the principal will need to declare that a student has:

- followed an approved course of study.
- applied themselves with diligence and sustained effort.
- participated in and achieved some or all of the course outcomes.

Attendance at school and in classes is critical to a student achieving course outcomes.

Student Responsibility:

Students will:

- complete all tasks on time and to the best of their ability so that an accurate assessment of their learning can be made.
- utilise feedback to improve and enhance their learning opportunities.
- communicate with teachers to identify specific strategies to improve learning outcomes.

Teacher Responsibility:

Teachers will:

- provide feedback that is inclusive of any formal assessment tasks and, in the absence of such tasks, communicate about any formative assessment (i.e. class work).
- utilise the feedback proforma as a guideline to ensure consistency of teacher practice.
- adopt a professional tone when communicating with parents/carers/students.
- provide feedback to parents/carers/students within 2 weeks of completing the task.
- complete a 'check box' style report twice a year to provide feedback on learning habits and attitudes as well as providing an overall grade (see schedule).
- be available at Parent-Teacher Interviews to provide further detail about each child to parents.

Year Advisor Responsibility:

Year Advisers will:

- provide a written progress report at the end of the school year on each student whose parents/carers have chosen to opt-in and receive such a report (Term 4, Week 8).

Head Teacher Responsibility:

Head Teachers will:

- monitor the process.
- support teachers to complete their reports to parents.

Parent/Carer Responsibility:

Parents/Carers will:

- utilise the Parent Portal to stay informed about their child's learning.
- discuss student feedback with their child.
- communicate any concerns with the appropriate teachers.
- attend parent teacher interviews to discuss student progress.
- request a Year Advisor report if necessary.

How Might Parents Assist?

- Take an active interest in your child's homework and assessment tasks.
- Support your child in setting aside time each day for them to complete set tasks and prepare for future ones.
- Provide a dedicated place for homework and study if possible.
- Communicate with teachers any concerns about the nature of tasks or your child's approach to homework and assessment tasks.
- Encourage your children to read and take an interest in current events.
- Alert the school, as early as possible, to any circumstances that may need to be taken into consideration when homework and assessment tasks are being set or marked.

If you have any questions about the information contained in this booklet, please contact the head teacher of the relevant faculty or the Deputy Principal of Year 10.

Assessments

Assessment is the broad name for the collection and evaluation of evidence of a student's learning. It is integral to teaching and learning and has multiple purposes. Assessment can enhance student engagement and motivation, particularly when it incorporates interaction with teachers, other students, and a range of resources.

Assessment:

- provides opportunities for teachers to gather evidence about student achievement in relation to syllabus outcomes.
- enables students to demonstrate what they know and can do.
- clarifies student understanding of concepts and promotes deeper understanding.
- provides evidence that current understanding and skills are a suitable basis for future learning.

Each assessment task will:

- be based on syllabus outcomes.
- be a valid instrument for what they are designed to assess.
- include criteria to clarify for students what aspects of learning are being assessed.
- enable students to demonstrate their learning in a range of task types.
- be reliable, measure what the task intends to assess, and provide accurate information on each student's achievement.
- be free from bias and provide evidence that accurately represents a student's knowledge, understanding and skills.
- enable students and teachers to use feedback effectively and reflect on the learning process.
- be inclusive of and accessible for all students.
- be part of an ongoing process where progress is monitored over time.

Notification of Assessment Tasks

Students will receive a written notification of an assessment task no less than 10 school days in advance of the date that a particular task is scheduled.

Students will be notified in writing of the specific time and date that an assessment task will take place, as well as other details relating to the nature and logistics of the task.

That written notification may include:

- sending an email
- notification via Compass
- providing a hard copy of the notification, OR
- all of the above means.

Students will sign and date a register to acknowledge receipt of this assessment notification. If students are absent on the day an assessment task notification is handed out, they are responsible for obtaining a copy of it. No extra time will be given to a student for a task because they did not receive the notification in class. Teachers may upload copies of the task notification onto Compass to ensure all students can access copies throughout the assessment period.

Submission

It is the responsibility of students to ensure that they complete assessment tasks at the scheduled time and date. Assessments may be required to be handed in, submitted via Compass, or submitted digitally by a specified time. Notifications for each task will clearly outline the required means of submission.

When needing to be handed in, the process of this will be communicated via the assessment notification. If the teacher is absent or unavailable, tasks must be handed to the Head Teacher responsible for the course.

Tasks must never be left on a desk or table for collection by the teacher or handed to a casual teacher. They must be collected by the teacher and students must sign to reflect that they have been handed in. Tasks submitted online will be date and time stamped to ensure processes are followed.

Assessment task submission and or completion takes priority over school events such as: excursions, sporting or school representation and VET work placements that fall outside of the defined work placement periods. It is the student's responsibility to bring to the attention of their class teacher any impending conflicts. This is clearly stated in the Additional Information section on every assessment task notification.

Tasks submitted after the due date without a successful Illness/Misadventure Form will receive an automatic zero mark.

Late or Non-Submission of tasks

If a student fails to complete a task specified in the assessment program without a valid reason (e.g. illness), the student will be issued with a **zero mark**.

If tasks prepared at home are not submitted by the time stipulated on the notification, they will be regarded as late unless an Illness/Misadventure Form which supports this evidence is submitted. Late submission will result in a **zero mark** being awarded for the task.

Failure of technology on the due date will not be accepted as a valid reason for late submission.

Students are expected to make a serious attempt at assessment tasks when submitting late in order to demonstrate achievement of outcomes, a NESA and ROSA requirement for course completion. Failure of technology on the due date will not be accepted as a valid reason for late submission.

Students who are absent from an assessment task or who fail to complete a task by the due date are ineligible for the award of a grade for that task. Extensions may only be granted where there is a legitimate reason for absence approved by the Deputy Principal or Principal. This will only occur following the Illness/Misadventure process.

Variation of Assessment

Students absent (due to illness or approved leave such as work placement or other school business) from school on the day an assessment task, test or examination is due, must complete and submit an Illness/Misadventure Process Form on the day of return to school. The Illness/Misadventure Form may be lodged with either their Class Teacher or the Head Teacher of the faculty.

In exceptional* circumstances (e.g. where undertaking a substitute task is not feasible or reasonable, or where the missed task is difficult to duplicate), the principal should authorise the use of an estimate based on other appropriate evidence.

If the student is absent due to illness, evidence of the illness on that date must be provided. When the student knows ahead of time that they will be absent for an assessment task they should advise the class teacher or Head Teacher prior to the date to complete the task at an agreed time. Where possible, this should be made at least two weeks before the assessment is due.

Despite the outcome of an Illness/Misadventure process, all students will be required to complete scheduled assessment tasks, at times these tasks may be altered to the original assessment task set. Students will complete a similar task to the one set for the assessment they have missed, however it will be in the same mode to ensure **student equity**.

The following circumstances will generally be recognised as **exceptional and may support your variation:*

- *Where you have more than three (3) assessment tasks due in a particular week and you provide 10 school days' notice before the relevant week of that fact to the Deputy Principal.*
- *Where you have a serious and continuing medical condition which is supported by a doctor's certificate and such documentation is submitted to the Deputy Principal.*

*The following circumstances will generally **NOT** be recognised as **exceptional**:*

- *Extra-curricular activities*
- *Paid employment commitments.*
- *Attending or preparing to attend recreational activities such as music concerts and the Albury Gold Cup*
- *Holidays*
- *"Technological" breakdown: Printer failures, ink cartridge malfunctions, USB problems, inability to convert files, incompatible versions of word processing software, undeliverable email messages and other such reasons will **NOT** be accepted as exceptional circumstances.*
- *Technology problems are simply **NOT** grounds for a legitimate variation or extension of time.*
- *One or two days of illness during the two weeks leading up to the task.*

It is the responsibility of the students to obtain, complete and submit the Illness/Misadventure applications.

Marking of Assessment Tasks

Assessment tasks should be marked and returned to students within a two-week period. Meaningful feedback about what they have demonstrated and what they need to do in order to improve their performance needs to be given to students as well as their rank and grade for the task.

Life Skills Assessment

Each student undertaking a Life Skills course will study selected outcomes and content.

What evidence learning is required?

- Students will be assessed in relation to the selected Life Skills outcomes.
- Strategies for students undertaking Life Skills outcomes and content will be specific for individual students.

How will evidence be gathered?

- Strategies for gathering evidence of learning in relation to Life Skills outcomes may include: Observations, of physical responses, engagement in teaching and learning, performance in practical activities, participation in group work, written responses, such as diary entries, oral reports and presentations, visual displays, eg. collage, sketching/graphic communication.

How will outcomes be demonstrated?

- Content and learning experiences.
- Instruction, teaching and learning experiences are planned to meet the individual student's appropriate outcomes. Whole class programs accommodate for the learning needs of all students.

How will feedback be provided?

- Feedback to students
- The teacher provides appropriate feedback during and at the end of activities for individual students.
- Example include oral, visual or tangible forms.

Is there sufficient evidence of progression?

- Teachers reflect on student performance in relation to Life Skills outcomes.
- Individual student outcomes need to be reviewed often to ensure maintenance and generalisation of knowledge understanding and skills across a range of environments.

James Fallon High School Malpractice Policy*

Malpractice is dishonest behaviour by a student that gives them unfair advantage over others.

1. Honesty and Integrity

All James Fallon High School students must be entirely honest when completing all assessment tasks, exams and submitted works.

You are marked only on the quality and originality of the work you have produced yourself.

2. Always Acknowledge Your Sources

You must acknowledge any part of your work that was written, created, or developed by someone else. That includes any material from other sources like books, journals, electronic resources, and the internet.

There is no need to formally acknowledge material you have learned from your teacher in classes.

3. Understanding Malpractice

Cheating of any kind is unacceptable.

Behaving dishonestly to gain unfair advantage in assessments, exams, tests, and assignments is malpractice, or cheating.

Any form of malpractice, including plagiarism, is unacceptable and will be treated very seriously by the school and, where relevant, NESAs.

Plagiarism is the act of claiming the ideas, writings, images, and other multimedia of others as one's own without crediting those sources. Plagiarism is academically dishonest and carries severe consequences at JFHS.

Malpractice includes, but is not limited to:

- copying someone else's work in part or in whole, and presenting it as your own
- using material directly from print or digital mediums without reference to the source
- building on the ideas of another person without reference to the source
- plagiarism such as buying, stealing, or borrowing another person's work and presenting it as your own.
- submitting work that another person, such as a parent, tutor, or subject expert, has contributed to substantially.
- using words, ideas, designs, or the work of others in practical and performance tasks without appropriate acknowledgement
- paying someone to write or prepare material.

- breaching school examination rules
- cheating in an in-class assessment/examination, including having access to mobile devices
- using non-approved aids during an assessment task
- providing false explanations to explain work not handed in by the due date
- assisting another student to engage in malpractice.

4. Understanding Malpractice and Its Consequences

James Fallon High School treats malpractice and cheating allegations very seriously.

If a student is unsure whether they are acting appropriately and honestly in a task, assignment or exam, they should ASK a teacher to clarify the particular situation immediately.

If suspected of malpractice, you will need to show that all unacknowledged work is entirely your own.

Detected malpractice in any assessment task, quiz, test, exam or assignment will mean a mark of 'zero' for that task.

All students in Years 7-12 who knowingly engage in malpractice can expect the following consequences:

First Incident:

- Interview with the appropriate head teacher
- Zero marks will be awarded, and student will be required to resubmit task.
- Contact with parent/carer made by classroom teacher.
- Recorded on school's welfare system and possible level move.

Second Incident:

- Interview with the appropriate head teacher and deputy principal
- Zero marks will be awarded, and student will be required to resubmit task.
- Contact with parent/carer made by deputy principal.
- Formal caution of suspension
- Recorded on school's welfare system and moved to Red Level

Third Incident:

- Interview with the deputy principal and principal
- Zero marks will be awarded, and student will be required to resubmit task.
- Contact with parent/carer made by deputy principal or principal.
- Suspension
- Recorded on school's welfare system and moved to Blue Level

Accessing Support

There are many places to seek support at James Fallon High School if you need extra help.

Teachers understand the pressures of starting high school. If you are worried about classwork or assessment tasks, please speak with your teacher promptly. They can clarify expectations and tasks. Head Teachers are also available if you need further help.

Learning and Support

There is a range of support provided for students of JFHS to achieve optimal educational outcomes. Our school uses learning programs and specialised staff where needed and we work in partnership with parents and carers to assist students who have special learning needs.

We have Learning and Support Teachers (LaST), Student Learning Support Officers (SLSO) and an EAL/D teacher. This team of people provide students and staff specialised support to enhance the learning opportunities of all students. We monitor each student's progress and provide additional learning support as required. Individual Learning/Education Plans are developed to cater specifically for individual needs and goals within the school setting.

Our school is committed to working with Aboriginal parents and community members in developing personalised plans for our Aboriginal students.

JFHS has a Learning Centre room centralising services, providing learning resources for staff and students, and enabling a wider range of student needs to be addressed.

Library

Our librarian Mrs Kane has worked extremely hard to revitalise the library. There is always an amazing display for students to see and student work is proudly displayed throughout.

The library has an extensive collection of both fiction and non-fiction books and other educational resources such as audio-visual materials, DVD's and daily newspapers. The library is open before school, at recess/lunch breaks and for homework centre on Tuesday afternoons.

Students have access to tablets and printers/photocopier. The library is connected to the Internet & Intranet systems.

Homework Centre

The Homework Centre operates in the library on:

- Tuesday afternoons from 3:30pm until 5:00pm.

We always have amazing staff on hand to assist students with homework, assessments, and classwork. We put on a delicious afternoon tea. Any students who may require transport assistance need to see Mrs Kane in the library for a permission note. All are welcome and we always look forward to seeing new faces.

Counsellor

The counselling team at James Fallon are available to discuss any concerns that require more specialised support. You can self-refer, however a conversation with the principal, deputy or wellbeing head teacher may speed up the referral process. Our counsellors can help with a range of concerns including, stress, anxiety and relationship issues with friends, family and others. Counsellor support can help you manage an issue that you felt was getting out of control. It can be challenging to accept this support, but it is often very worthwhile.

Outcomes

A Student:

| | |
|-------------|---|
| MA 5.1-4NA | Solves financial problems involving earning, spending and investing money |
| MA 5.1-5NA | Operates with algebraic expressions involving positive-integer and zero indices, and establishes the meaning of negative indices for numerical bases |
| MA 5.1-6NA | Determines the midpoint, gradient and length of an interval, and graphs linear relationships |
| MA 5.1-8MG | Calculates the areas of composite shapes, and the surface areas of rectangular and triangular prisms |
| MA 5.1-9MG | Interprets very small and very large units of measurement, uses scientific notation, and rounds to significant figures |
| MA 5.1-10MG | Applies trigonometry, given diagrams, to solve problems, including problems involving angles of elevation and depression |
| MA 5.1-11MG | Describes and applies the properties of similar figures and scale drawings |
| MA 5.1-13SP | Calculates relative frequencies to estimate probabilities of simple and compound events |
| MA 5.2-6NA | Simplifies algebraic fractions, and expands and factorises quadratic expressions |
| MA 5.2-7NA | Applies index laws to operate with algebraic expressions involving integer indices |
| MA 5.2-8NA | Solves linear and simple quadratic equations, linear inequalities and linear simultaneous equations, using analytical and graphical techniques |
| MA 5.2-9NA | Uses the gradient-intercept form to interpret and graph linear relationships |
| MA 5.2-11MG | Calculates the surface areas of right prisms, cylinders and related composite solids |
| MA 5.2-13MG | Applies trigonometry to solve problems, including problems involving bearings |
| MA 5.2-14MG | Calculates the angle sum of any polygon and uses minimum conditions to prove triangles are congruent or similar |
| MA 5.3-5NA | Selects and applies appropriate algebraic techniques to operate with algebraic expressions |
| MA 5.3-6NA | Performs operations with surds and indices |
| MA 5.3-7NA | Solves complex linear, quadratic, simple cubic and simultaneous equations, and rearranges literal equations |
| MA 5.3-8NA | Uses formulas to find midpoint, gradient and distance on the Cartesian plane, and applies standard forms of the equation of a straight line |
| MA 5.3-15MG | Applies Pythagoras' theorem, trigonometric relationships, the sine rule, the cosine rule and the area rule to solve problems, including problems involving three dimensions |
